1 2. No Admission of Liability: Defendants expressly deny fault or liability for any
 2 and all claims made in the Complaint in this matter. The Parties expressly acknowledge that this
 3 Joint Stipulation and Stipulated Judgment are the result of a compromise of disputed civil claims
 4 and that there is no adjudication of any claim.

 7 Alameda County Superior Court of a Stipulated Judgment in this action in the form attached
 8 hereto as Exhibit A. Upon execution of this Joint Stipulation by the Parties and their counsel, the
 9 Parties agree within 10 days thereafter to jointly present this Joint Stipulation to the Court with a
 10 request that the Court enter the Stipulated Judgment in the form attached hereto as Exhibit A.

 15 Parties. In the event that the Court requires any changes to Exhibit A that would alter the basic
 16 terms of the agreement between the Parties, the Parties agree to negotiate in good faith to
 17 determine if they can stipulate to such a change in Exhibit A.
 18
 19

22 current, or future operations or activities of Defendants that are not matters covered by this Joint
23 Stipulation. Nothing herein is intended or shall be construed as a waiver of Plaintiffs' right to
24 institute an action to compel compliance with this Joint Stipulation or the Stipulated Judgment of
25 the Court when entered. In addition, nothing in this Joint Stipulation is intended or shall be
26 construed to preclude Plaintiffs from exercising their rights under any statute, regulation,

STIPULATED JUDGMENT

1
2 In this action, Plaintiffs Karuk Tribe of California and Leaf Hillman have filed a
3 Complaint against Defendants California Department of Fish and Game ("DF&G"), and Ryan
4 Broddrick, Director of DF&G. Plaintiffs alleged in their Complaint that Defendants had violated
5 the California Environmental Quality Act ("CEQA"), Cal. Pub. Res. Code §§ 21000 *et seq.*, and
6 Fish and Game Code § 5653(b) in issuing permits for suction dredge mining, and sought
7 declaratory and injunctive relief. Defendants have denied these allegations. The Court has been
8 advised that the Parties have reached a settlement of this matter and has now received a Joint
9 Stipulation for Entry of Judgment (hereinafter "Joint Stipulation"), bearing a header dated
10 November 28, 2005, executed by the Plaintiffs and the Defendants, in which the Parties stipulate
11 to the entry of this Stipulated Judgment. The Court having considered the Joint Stipulation and
12 the other papers and pleadings filed, and good cause existing therefor, hereby issues the
13 following as its Stipulated Judgment herein.

IT IS HEREBY ORDERED, ADJUDGED AND DECREED that:

- 14
- 15 1. As used in this Stipulated Judgment, "permits for suction dredge mining" refers to the
16 permits issued by Defendants pursuant to Fish and Game Code §§ 5653-5653.9, and
17 the regulations codified at 14 Cal. Code Regs. §§ 228, 228.5.
 - 18 2. DF&G is hereby enjoined and restrained from issuing permits for suction dredge
19 mining that allow suction dredge mining during any of the periods of a year
20 prohibited in Exhibit 1 attached hereto for the Klamath, Salmon, and Scott Rivers,
21 their tributaries and thermal refugia.
 - 22 3. In the event that DF&G hereinafter adopts amendments to its regulations for permits
23 for suction dredge mining, which amendments address the same areas as are covered
24 in Exhibit 1, it may apply to this Court for a termination of the injunction set forth in
25 paragraph 2 above. Any such application by Defendants shall be filed within 15 days
26 of DF&G's adoption of the amendments and shall include a copy of the amendments
27 to the regulations so adopted.

4. Plaintiffs shall have 30 days after the filing of any such application to state whether they object to the termination of the injunction, provided that Plaintiffs shall not file any such objections if the amendments to the regulations provide for the closures of the water bodies in Exhibit 1 for periods identical to or longer than the periods set forth therein. Any such objections shall include a statement of the grounds for the objections, which are limited to the scope of the claims in Plaintiffs' Complaint, and may include allegations of a failure to comply with CEQA or Fish & Game Code, section 5653. Upon the filing of proper objections by the Plaintiffs, they shall request that the Court set a hearing date to determine the merits of Plaintiffs' objections, and the Parties may request that the Court set intermediate deadlines for the filing of an administrative record for the amendments, for briefing and for such other matters as are necessary to bring the matter on for hearing. Plaintiffs may also seek to amend their Complaint herein, as provided by law.
 5. In the event that the Court determines that Defendants have not complied with law in the adoption of the regulations, the Court may continue the injunction in Paragraph 2 in effect or enter such other relief as the Court determines is just and proper.
 6. The injunction set forth in paragraph 2 of this Stipulated Judgment shall otherwise terminate if Defendants have filed an application for termination of the injunction pursuant to Paragraph 3 above, and either (i) no proper objection has been filed thereto by Plaintiffs pursuant to Paragraph 4 above, or (ii) the Court has entered an order or judgment ruling against all of Plaintiffs' objections. In either case the injunction shall remain in effect until the amendments to the regulations submitted to the Court pursuant to Paragraph 3 have become effective under California law.
 7. DF&G shall pay Plaintiffs' reasonable attorneys fees and costs incurred in this action.
 8. This Stipulated Judgment is binding upon and shall inure to the benefit of the Parties and their respective agents, employees, successors, assigns, trustees, and personal representatives.
